This tour brings you to the iconic Himmelbjerget (Sky Mountain) 30 km from Aarhus. It is one of Denmark's highest points (147 m over asl) and lies next to River Gudenå running through Silkeborg Lakes. It is a cultural heritage of Denmark due to the democracy meetings held here in the 1800's century. We will enjoy the area, take a walk to the lake and hear more about the history of the place. Lunch is served during the trip.
